

GOVERNOR ARNOLD SCHWARZENEGGER

April 23, 2010

***Health Insurance Counseling
and Advocacy Program***

It is a pleasure to send my greetings to everyone gathered for your twenty-fifth anniversary.

Your work helping the elderly navigate the complex system of Medicare through education and counseling is honorable and essential. Thank you for supporting a group that is often neglected and not offered the guidance they deserve.

Not only have you increased knowledge amongst senior citizens, your advocacy on behalf of the elderly has helped increase public awareness. Servicing all fifty-eight counties in California, your group has rallied support for Medicare repeatedly through coalitions, campaigns and policy studies.

Please accept my very best wishes for a fantastic event and every continued success. Your staff and volunteers truly help make California an amazing place to call home.

Sincerely,

A handwritten signature in black ink, reading "Arnold Schwarzenegger".

Arnold Schwarzenegger
